

Title: The White Night

Author: Ernie Lindsey

Description:

A powerful demon is hell-bent on revenge, and he knows paranormal investigator Ford Atticus Ford by name.

As Ford wrestles with the uncertain nature of his future, a different kind of evil storms into his world, proving that not all demons are inhuman. Trailing in Lauren Coeburn's wake are some of the most elusive and terrifying paranormal entities in existence—the black-eyed children.

For Mike Long, a panicked, early morning phone call from a haunted angel brings new hope, but it's costly, and he may learn what it's like to be on the other side of judgment's gavel.

Then there's little Chelsea Hopper . . . and the threatening darkness lurking inside her dreams.
