Reviews

Elmore Leonard:

Get Dennis Lehane's *Mystic River*. Boy does he know how to write.

Stephen King:

The superb detective novels of Dennis Lehane became a kind of lifeline for me.

The New York Times:

Among contemporary thrillers, there's no better reason than *Mystic River* to stay home with a good book. [It's] terrific: soulful, atmospheric, suspenseful and propelled by deep, wrenching emotions ... a beautifully nuanced story that is destined to be actors' catnip. The author draws even his story's incidental figures as sharply as he draws its major ones, with mesmerizing results.

The New York Times Book Review:

[A] powerhouse of a crime novel. Lehane spares nothing in his wrenching descriptions of how a crime in the neighborhood kills the neighborhood, taking it down house by house, family by family.

People:

[*Mystic River* is] pitch-perfect, the suspense and pacing impeccable. Combining the tension of a thriller with the dramatic inevitability of Greek tragedy, [it] ranks as a high-water mark for an author who is navigating his way to literary stardom. A shattering, suspenseful novel of love and betrayal.

Newsweek:

Nobody does it better than [Lehane]. He's got near-perfect pitch ... *Mystic River* is his best book by far. Like all his writing, it shimmers with great dialogue and a complex view of the world. -- Malcolm Jones **CNN:** It is a rare crime novelist who uses a murder mystery to plumb the deeper mysteries of the human soul. Dennis Lehane proves that he is a rare crime novelist with *Mystic River*. Cloaked by the trappings of a police procedural, the book is a hauntingly compelling examination of the lies we tell ourselves in order to hide our miseries from ourselves.

Publishers Weekly (starred review):

Lehane ventures beyond his acclaimed private eye series with this emotionally wrenching crime drama about the effects of a savage killing on a tightly knit, blue-collar Boston neighborhood. Lehane's story slams the reader with uncomfortable images, a beautifully rendered setting and an unnerving finale.

Library Journal (starred review):

Lehane once again proves himself nonpareil in writing about the dark side of the human character. Another winner.

Booklist (starred review):

This popular writer just keeps getting better and better, and this sharp, intelligent, suspenseful novel is sure to win him a lot of new fans. It's time to stop talking about Lehane as an up-and-coming genre star and acknowledge that he is one of our best fiction writers period.

Kirkus Reviews:

A spellbinding tale. A powerfully lacerating story, by an author who knows every block of the neighborhood and every hair on his characters' heads.

Esquire:

[Dennis Lehane is one of] the very best young mystery writers.

Tampa Tribune:

The journey to the unsettling conclusion is as gripping as it is dark, as hard to take as it is impossible to put down.

The Boston Herald:

A heartbreaker.

Boston Magazine:

Dennis Lehane might be the best mystery writer we have in this country today.

Orlando Sentinel:

Heartbreaking. Like Bruce Springsteen's song 'The River,' Lehane's *Mystic River* looks back at what might have been, the ways in which the past impinges on the present. And like the song, you can't get it out of your head. Springsteen's narrator says, "Now those memories come back to haunt me/ They haunt me like a curse/ Is a dream a lie if it don't come true/ Or is it something worse"

New York Post:

[Lehane is] a mystery master...a tense, insightful whodunit...haunting.
