Reviews

***Publishers Weekly* (starred review):**

Riveting...disturbing...With its credible and sensitively drawn characters, loads of interesting tidbits about the natural world and timely plot, this skillfully crafted page-turner should have wide appeal...

People:

The events at the center of Box's fourth novel featuring game warden Joe Pickett make the fate of the Donner Party look like a square dance...Box vividly evokes life in the West, and the surprises he springs keep you guessing right to the end -- and a little beyond.

Booklist:

Superb...this has all the elements that made the first three Picketts so pleasurable...excellent

Philadelphia Inquirer:

Rough and tumble...unflinching...Pickett's sweet-natured relationship with Sheridan and Lucy is central in all the stories...the book keeps the reader guessing until the end...His style is down-to-earth and commercially appealing, sometimes hard-nosed and sometimes sentimental, with a Western locale that sets it apart...

Rocky Mountain News:

Box, who has quickly become one of the writers whose books I look forward to every year, continues his run of excellence in *Trophy Hunt*.
